The largest Alderlea woodstove, the T6 is the solution for keeping large spaces warm and comfortable, even through long winter nights. By wrapping a cast iron profile around Pacific Energy's high-performance steel firebox, the T6 produces radiant and convection heat. It's crafted for maximum heating capacity, with Extended Burn Technology (EBT) for all-night burn times, and features a family-sized cooktop and a huge glass window. Like all Pacific Energy woodstoves the T6 is engineered and warrantied for a lifetime of wood heat comfort.
